### LOCAL NOTES.

Mr. Blinn, will not return from Phenix, for several days.

Work on the different mines at Steins Park, is steadily progressing.

C. S. Batterman has returned from his visit to the Salt River.

A terrible snow storm is raging in Minnesota and Dakota.

Tombstone is in all probability one of the most law abiding cities in the west.

A strong case of self defense was made out in the Hambleton trial.

Florence is to have a new lodge of Odd Fellows, preparations are being made for a hall.

Tombstone's prospects are brighter to day than they have been for the past three years.

Our contemporary is mistaken. The EPITAPH never said that the Girard mill was about to close down.

Patrick Egan says Parnell never wrote him such letter as the London Times published.

Mr. Nardini, is selling good fresh groceries, very cheap. Give him a call. Fair dealing is his motto.

It is rumored that J. M. Bracewell, will take up his residence in Los Angeles in the near future.

The popularity of the Occidental hotel is steadily increasing. Mr. Pascholy, is a very obliging gentleman.

To-night the banquet of the Odd Fellows will take place, and a right royal time may be expected.

The change on the Bisbee mail route took place yesterday, as was foretold in the EPITAPH some weeks since.

Capt. Heyne arrived in Tombstone last evening. Our citizens are always glad to greet the genial Captain.

If the Custom House is to be moved from Tombstone, it seems as though near Ochoaville would be the proper location.

Two Mexicans were arrested for trying to kill each other yesterday, and are now in jail awaiting the action of the grand jury.

Mr. B. A. Packard and wife took their departure for their old home at Bradford, Pa., yesterday. The couple will be absent two or three months.

Johnny Behan is dangerously ill at Phenix. His many friends in Tombstone earnestly hope for his speedy recovery.

The explosion of a bomb on Wisconsin street in Milwaukee Friday by some unknown person caused much excitement.

Ochoaville is coming to the front it is to have a mail route from Tombstone. Mr. Bradshaw will do the honors for the new town in the way of carrying their mail.

It is rumored that the new management of the Democrat will issue a new foot-light sheet, if they can make suitable terms with the proprietor of the Elite.

Montana and Nebraska lost upwards of fifty percent of the cattle the past winter, whilst Arizona did not lose one half of one per cent, comment is unnecessary.

Tom Faish, is improving the Gazette. It seems as though there was sufficient room for two papers, in a prosperous growing city, like Phenix.

The Tombstone Democrat has changed hands. Messrs Nye and Peck are the new proprietors. Both are practical printers and undoubtedly will make the Democrat a good paper.

### Brown's New Stables.

Brammer Brown, the oldest liveryman in this city, and one of Tombstone's first settlers, has recently purchased an entirely new livery outfit in Kansas City, and has opened up the well known Dexter Stables. Mr. Brown has undoubtedly the finest horses and carriages ever brought to this Territory, and a visit to his splendidly arranged stables will convince our people of this fact. Among the many fine and stylish horses are noticeable three spans of magnificent reys, which would be an ornament in any stable in the Union. His horses are all fine, purchased in the largest horse market in the west, and his carriages and harnesses are direct from the manufacturers. Phaetons, side-spring buggies, carriages, buckboards, in fact, everything needed in a first-class stable, can be had at the old Dexter Stables. Knowing Mr. Brown's abilities as a liveryman, we feel confident that he will do a thriving and prosperous business.

### County Assessor.

County Assessor J. B. Hennessy returned yesterday from his assessing tour through the Sulphur Spring and San Simon valleys. Jimmy says that any person who believes for a second that Cochise county is not in a prosperous condition, it is because they are not acquainted with present status. He says that only a very few head old cattle are dying, young stock is looking well. He has completed his labors in that section of the county, and will now go to work in the Huachuca, and thinks that he will be able to complete his labors in about two weeks. Mr. Hennessy will do his work well, and as far as we have heard, has given complete satisfaction to the taxpayers.

### Republicans O. K.

On the whole the elections of this month are of a nature to keep up the confidence of the Republican party. It has secured the city governments of the three great cities of the Mississippi Valley, St. Louis as well as Chicago and Cincinnati. It has lost that of Minneapolis largely through the alliance of the liquor trade with the Democracy, in opposition to the wise and vigorous policy of regulation which the Republican Mayor had established.

### Knew Her Business.

A correspondent in the South sends this account of a prayer which a lady overheard from the lips of an old darkey in Charleston during the earthquake period: "Do, Lord, come down and help us. Don't send your son. It's no time to be sendin' de children. Do, dear Lord, come yourself!"—Lowell Citizen.

### City Assessment List.

City Assessor Chapman has finished footing up the roll, which is as follows: Real estate, \$295,708; Personal property, \$211,798; total \$507,506. Assessor Chapman has labored hard to give satisfaction to the taxpayers, and we feel confident that in this, he has been successful in his efforts.

An obliging guest: A resident of the provinces had come to spend a few days with some relatives in Paris. Becoming infatuated with the gay capital, he remained until patience on the part of his hosts ceased to be a virtue. Too polite to openly remonstrate, they threw out a hint: "Don't you think, my dear fellow," they said to the bore, "that your wife and children must miss you?" "No doubt. Thanks for the information. I'll send for them."

"I understand, Lijah," said the minister, "that many of you colored people have very queer ideas of heaven. Now, take yourself, for instance, do you believe in the orthodox theory that heaven is a place of pearly gates and golden streets?" "No, sah, I don't," was the emphatic reply. "Dut 'scription am too promississ to be true. Hebben, sah, am a place where de 'possum hab only one eye."

The wrestling match between Pete Schumacher and James Pascoe at Butte City did not take place as expected Saturday last. Mr. Schumacher hurt his back by some means or other, and the match has been postponed for another week. Mr. Pascoe's friends in Tombstone feel confident of his ability to down Pete.

The Toronto (Canada) Mail advises England to effect amicable settlement of the fisheries question and not run the risk of having President Cleveland put the Retaliation bill in force.

Justice Field says he is tired of politics and would not be a candidate for the Democratic nomination in 1888, even if he could get the solid Californian delegation.

President Diaz, will now have a walk over for a re-election, as the constitutional impediments have been removed. The constitution is an instrument which does not trouble the conscience of a Mexican.

Richard Smith of Cincinnati denies that Whitlaw Ried said that the Tribune had abandoned Blaine as a residential candidate for have intended to do so.

Patrick Egan says that Pinkerton detectives have been hunting for fac-similes of his signature and he thinks the London Times is working up a scheme against him.

President Cleveland is working the old Seymour dodge of protesting that he don't want the nomination, and working like thunder to obtain it. Refusing by letter is an old worn out scheme, and don't fool the Americans worth a cent.

G. G. Berry, William Herring and Allen R. English, three of Tombstone's able attorneys, will take their departure to-day for Phenix, to be in attendance on the Supreme Court, which will convene at that place Thursday next.

About fifty dealers in oleomargarine appeared by attorney in the Court of General Sessions in New York last Monday, pleaded guilty of violating the law, and were fined from \$50 to \$100 each.

William F. Storey's will of 1879 has been admitted to probate. By the terms of this will the widow, Mrs. Eureka C. Storey, is granted the bulk of the property including the Chicago Times, but is debarred from again marrying.

J. Desloge of St. Louis a well known mining man arrived in Tombstone yesterday en route to Sonora to look at some mining property in that section. Mr. Desloge is a very practical man having spent considerable time in and around Tombstone.

The gold brick scheme, has once more been worked successfully in the country. A Washington man, a few days since advanced \$5,000, on four "gold bricks" the men promising to return and redeem them. It is safe to say that he has them still.

An advertisement in a Boston paper states that an active servant is wanted, "who must be a plain cook, and able to dress a little boy 5 years old." Are the advertisers cannibals? And (we ask for information) with what sauce do they eat little boys 5 years old.

Thomas Baker and wife, of Tres Alamos, arrived in the city last evening. Tommy reports everything in good condition in the stock line along the river. Some few of the old cows are disappearing, but nothing to alarm stockmen at all.

Mr. Lou. Levitt, of New York, has accepted a position at the Fashion Saloon, and hereafter will attend to the numerous patrons of that well, and favorably known establishment. Mr. Levitt, is considered one of the best mixologists, in the territory.

Mr. George Kent, a trusted employee of the N. M. & A. railroad, was enjoying his holiday in Tombstone, yesterday. Mr. Kent is an intelligent competent gentleman, and will undoubtedly occupy a high position in the management of the iron horse some day. These are the kind of people that come from the snow clad hills of New Hampshire.
